it gets better by  
change.

The background of the image is a soft-focus field of pink and purple flowers, likely cosmos, with a warm, golden-yellow glow that creates a bokeh effect. The flowers are scattered across the frame, with some in sharp focus and others blurred in the background.

but anyone can start today

“If there is ever a tomorrow that we are not together, there is one thing you should always remember. You are braver than you believe, stronger than you seem, and smarter than you think. But the most important thing is: even if we’re apart, I will always be with you in the heart.”
